      <h3>Python Game Project</h3>
      <p>I developed a simple python-based game using the <strong>Pygame</strong>
library.
```

The game is interactive and user-friendly, designed to enhance logical thinking and problem-solving skills.

It was a fun way to apply programming concepts like loop, conditions, and event handling.</p>

```
<p><strong>Technologies Used:</strong> Python, Pygame</p>
